## The Tasting Room

A cozy and inviting atmosphere that merges the warmth of a lodge with the sophisticated appeal of wine country. Panoramic windows showcase the Blue Ridge Mountain skyline while an open floor plan offers ample seating with space to mingle.

## The Portico

The covered space combines the charm of our outdoor elements with the functionality of an indoor venue. The spacious layout with large teak tables offers plenty of room to stretch out for a cocktail style party or a seated dinner.

## The Reserve Room + Rooftop Deck

A large stone fireplace is the centerpiece of this intimate space. Towering hardwood barn doors close to offer a completely private room. Designed with an indoor-outdoor flow, wide windows reveal the adjoining terrace to the private rooftop deck.

## The Outdoor Bar

All of the charming, architectural, and functional features of the airy Portico in its own separate event space. The 25-foot bar and high-top tables create a fun and relaxed atmosphere. Fondly referred to as, “The Brewer’s Bar,” look beyond the beer taps into the brewery through wall-to-wall windows.

## The Grounds

Several acres of vibrant lawns and terraces encompass the Tasting Room grounds. Rocking chairs surround a warming open fire pit or gather around the immense stone fireplace for al fresco dining in the Fireplace Terrace. Venture beyond the stone garden wall into our tended pasture during our famous Blue Ridge sunset.
